Rating changed Dec 5th 1903

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dec 1st 1900 800.00 of Policy Cancelled

Dated Sept 1st 1900

Policy fee, $ 2.50

1 Mill fee, $ 8.0

Total, $ 3.30

I. N. Leonard Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

J. R. Rodeck ..... Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated August 20.....1902

Policy fee, $..2.50.....

1 Mill fee, $.....

Total, $.....Paid

.....Samuel F. Cooper.....Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Policy fee, $ 2.50
1 Mill fee, $ 2.00
Total, $ 4.50 Paid

F. H. Babb ..... Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

SAN JOSE, CAL., Dec 1st 1904

Having purchased of Antone Christensen the property described in Policy No. 12 in the Santa Clara County Fire Insurance Company, and the said Policy having been assigned to me by said Antone Christensen

I hereby accept the said Policy of Insurance under the conditions which it was issued, and agree to pay all legal assessments and be governed by the By-Laws of the above Association.

Eden Vale

Received Sept 1 1904 300 added

Signed: Mac L. Greenwalt

PROVIDED also, that the mortgagee (or trustee) shall notify this company of any change of occupancy or increase of hazard which shall come to the knowledge of said mortgagee (or trustee) and, unless permitted by this policy, it shall be noted thereon and the mortgagee (or trustee) shall, on demand, pay the premium for such increased hazard for the term of the use thereof; otherwise this policy shall be null and void.

This company reserves the right to cancel this policy at any time as provided by its terms, but in such case this policy shall continue in force for the benefit only of the mortgagee (or trustee) for ten days after notice to the mortgagee (or trustee) of such cancelation and shall then cease, and this company shall have the right, on like notice to cancel this agreement.

In case of any other insurance upon the within described property this company shall not be liable under this policy for a greater proportion of any loss or damage sustained than the sum hereby insured bears to the whole amount of insurance on said property, issued to or held by any party or parties having an insurable interest therein, whether as owner, mortgagee or otherwise.

Whenever this company shall pay the mortgagee (or trustee) any sum for loss or damage under this policy and shall claim that, as to the mortgagor or owner, no liability therefor existed, this company shall, to the extent of such payment, be thereupon legally subrogated to all the rights of the party to whom such payment shall be made, under all securities held as collateral to the mortgage debt, or may at its option, pay to the mortgagee (or trustee) the whole principal due or to grow due on the mortgage with interest, and shall thereupon receive a full assignment and transfer of the mortgage and of all such other securities; but no subrogation shall impair the right of the mortgagee (or trustee) to recover the full amount of his claim.

5. Are the premises occupied by owner? yes
6. Do all the stove pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured? —
8. How near to wood? —
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? no
12. Is fire used in buildings except dwelling? no
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated Sept 1st 1900

Policy fee, $ 2.50
1 Mill fee, $ 2.00
Total, $ 4.50

Wm Robertson Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House and barn No. 1 being situated On the Corner of Union ave & Los Gatos Road

House and barn No. 2 being situated

1. What is your title to said land? Fee
2. What incumbrance? $ None ..... By whom held? —
3. How much land do you own on which the property to be insured is situated, and what is its value? 48 acres, worth $ 20,000 with improvements.
4. What other fire insurance? None
5. Are the premises occupied by owner? Yes
6. Do all the stove pipes go direct into good brick chimneys? Yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured?
8. How near to wood?
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? Yes
10. Will you keep matches in a safe place?
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? Yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated Aug 30 190[illegible]

Policy fee, $ 2.50
1 Mill fee, $ 2.00
Total, $ 4.50

Paid

T. J. Bohnett Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Received Sept 8 '00

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House ~~and barn~~ No. 1 being situated Hamilton Avenue

House and barn No. 2 being situated

1. What is your title to said land? Fee simple
2. What incumbrance? $ None ... By whom held?
3. How much land do you own on which the property to be insured is situated, and what is its value? Five ... acres, worth $ 500 ... with improvements.
4. What other fire insurance? None
5. Are the premises occupied by owner? yes
6. Do all the stove pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured? Regular fire safe
8. How near to wood? 2 inches
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling?
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Policy fee, $ 2.50

1 Mill fee, $ Paid

Total, $

Dated October 30th 190 2

C. D. Cutting Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House ~~and barn~~ No. 1 being situated 50 rods east of Meridian Road. 300 ft. from residence, barn No. 1

House and barn No. 2 being situated 300 ft. from Hamilton Ave. and 600 ft. from residence

1. What is your title to said land? A deed
2. What incumbrance? $3000 By whom held? F. G. Wilson
3. How much land do you own on which the property to be insured is situated, and what is its value? 10-69 acres, worth $8000.00 with improvements.
4. What other fire insurance? All insurance expires Jan. 1st 1901.
5. Are the premises occupied by owner? Yes
6. Do all the stove pipes go direct into good brick chimneys? No. They go into terra cotta chimneys
7. If the stove pipes pass through wooden partitions or floor, how are they secured? By terra cotta "
8. How near to wood? Terra cotta rests against the wood.
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? Yes
10. Will you keep matches in a safe place? Yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? Yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated January 1st 1901.

Policy fee, $ 2.50 Paid

1 Mill fee, $

Total, $

W. W. Reid Applicant.

Issued Jany 1 '06

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

L J Church ..... Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House and barn No. 1 being situated on East side of Plumer Avenue

House and barn No. 2 being situated ...

1. What is your title to said land? Fee simple
2. What incumbrance? $ None ... By whom held? ...
3. How much land do you own on which the property to be insured is situated, and what is its value? 10 13/100 acres, worth $ 8000 ... with improvements.
4. What other fire insurance? ...
5. Are the premises occupied by owner? yes
6. Do all the stove pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured? ...
8. How near to wood? ...
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? no
12. Is fire used in buildings except dwelling? in front house while curing
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated April 2 1901

Policy fee, $ 2.50
1 Mill fee, $ 1.45
Total, $ 3.95

Paid

F. H. Flanders Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House and barn No. 1 being situated On the land of the insured on East side of Doyle Road
House and barn No. 2 being situated in Santa Clara Township Santa Clara County Cal.

1. What is your title to said land? Fee Simple
2. What incumbrance? $ None By whom held?
3. How much land do you own on which the property to be insured is situated, and what is its value? 22 acres, worth $700.00 with improvements.
4. What other fire insurance? None on this property
5. Are the premises occupied by owner? Yes
6. Do all the stove pipes go direct into good brick chimneys? Yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured?
8. How near to wood?
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? Yes
10. Will you keep matches in a safe place? Yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire?

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Policy fee, $ 2.50
1 Mill fee, $ 90
Total, $ 3.40

1980

2.53

Dated April 24 1901.

E. T. Pettit
Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House and barn No. 1 being situated on the Stollenbeck Road about
House and barn No. 2 being situated nine miles westerly from San Jose

1. What is your title to siad land? Fee Simple
2. What incumbrance? $ 3700. By whom held? Margaret Ogier
3. How much land do you own on which the property to be insured is situated, and what is its value? 90 ninety acres, worth $ 20.000 with improvements.
4. What other fire insurance? None
5. Are the premises occupied by owner? yes
6. Do all the stove pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured? —
8. How near to wood? —
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? no
12. Is fire used in buildings except dwelling? no — nothing nearer than 80 feet
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Policy fee, $ 2.50
1 Mill fee, $ .40
Total, $ 2.90

Dated May 23rd 1901.

Geo. H. Briggs
Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated May 27th 1901

Policy fee, $ 2.50
1 Mill fee, $ 1.20
Total, $ 3.70

Mrs A. A. Fowler Applicant.
By M. M. Hanger agt

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Saml Lydiard Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Total, $ 3.95

M. D. Bollinger, Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Policy 305 to Oliver Olaus Eskildsen May 2 1905

House and barn No. 1 being situated S. W. Cor. Ross & Foothills.
House and barn No. 2 being situated .....

1. What is your title to said land? Deed
2. What incumbrance? $ None By whom held?
3. How much land do you own on which the property to be insured is situated, and what is its value? 11.59 acres, worth $ 2500 with improvements.
4. What other fire insurance? No
5. Are the premises occupied by owner? yes
6. Do all the stove pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured?
8. How near to wood?
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? no
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated August 5th 1901

Policy fee, $ 250
1 Mill fee, $ 25
Total, $ 275 Paid by Mr Bill Aug 5th

Otto Abel
Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

7. If the stove pipes pass through wooden partitions or floor, how are they secured?
8. How near to wood?
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? Yes
10. Will you keep matches in a safe place? Yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? Yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated Sept 16th 1904

Policy fee, $ 2.50

1 Mill fee, $ 4.40

Total, $ 2.90 Pd by Jos Herbert Sept 17

M. H. Lynch Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

J. E. Abbott .....Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mr Taylor

Dear Sir

I think my brother has made a mistake in filling out the face of this application. If so please correct same. We were not sure about the charges as you did not make it plain, as you will see by referring to the inside of this application.

So please let us know what the charges are I believe we are intitled to $1.00 Cr on acting as agent for J. F. Inglish. Let us know how much we owe and I will send it-

I hereby ... true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated December 6th 1901.

House and barn No. 1 being situated on the Watsonville Road about nine miles
~~House~~ and ~~barn~~ No. 2 ~~being situated~~ West from Gilroy Santa Clara Co. Cal.

1. What is your title to siad land? United States patent
2. What incumbrance? $ No By whom held? —
3. How much land do you own on which the property to be insured is situated, and what is its value? 150 acres, worth $7500. with improvements.
4. What other fire insurance? none
5. Are the premises occupied by owner? yes
6. Do all the stove pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured? —
8. How near to wood? —
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated December 6th 1901.

Policy fee, $. 2.50
1 Mill fee, $. 2.00
Total, $. 4.50 Paid
Nov 16th S.P.S

C. E. Sanders
.....Applicant.
President and Manager

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House ~~and barn No. 1 being~~ situated On the Westerly Side of Lincoln Ave between
~~House and barn No. 2 being situated~~ Willow St and Minnesota Avenue About 2 miles from San Jose

1. What is your title to siad land? Fee Simple
2. What incumbrance? $ — By whom held? —
3. How much land do you own on which the property to be insured is situated, and what is its value? one + two thirds acres, worth $ 4000 with improvements.
4. What other fire insurance? No
5. Are the premises occupied by owner? yes
6. Do all the stove pipes go direct into good brick chimneys? yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured? —
8. How near to wood? —
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated March 17th 1907

Policy fee, $ 2.50
1 Mill fee, $ 20
Total, $ 2.70
Paid

H. Wiesendanger Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated May 2 1902.

Policy fee, $2.50
1 Mill fee, $.35
Total, $2.85

L. J. Stratton Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House and barn No. 1 being situated 1/2 Mile S. E. of Campbell

House and barn No. 2 being situated.....

1. What is your title to siad land? Deed
2. What incumbrance? $ 3000 By whom held?
3. How much land do you own on which the property to be insured is situated, and what is its value? 12 acres, worth $ 6500 with improvements.
4. What other fire insurance? None
5. Are the premises occupied by owner? Tenant
6. Do all the stove pipes go direct into good brick chimneys? Yes
7. If the stove pipes pass through wooden partitions or floor, how are they secured?
8. How near to wood?
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? Yes
10. Will you keep matches in a safe place? Yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? Yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated 17th of June 1902

Policy fee, $ 2.50
1 Mill fee, $.....
Total, $.....
Paid by Judge H

A. E. Sparks & A. B. Townsend
by Elmer B. Townsend
.....Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated July 31st 1902

Policy fee, $2.50

1 Mill fee, $.50

Total, $3.00

Emma A Howlett Applicant.

per J. C. Howlett her husband

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

..... Mark S. Stocker ..... Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? Yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated Oct 17th 1902

Policy fee, $ 2,50

1 Mill fee, $

Total, $ 2,50 Paid Oct 17th by Judge Herbert

Page 18

C. D. Cutting Agent for Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

... Frank Gardner ... Applicant

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House and barn No. 1 being situated on Saratoga avenue East of town

House and barn No. 2 being situated.....

1. What is your title to siad land? Deed
2. What incumbrance? $ 7500 By whom held? J. C. Rues
3. How much land do you own on which the property to be insured is situated, and what is its value? 62 acres, worth $ 3000.00 with improvements.
4. What other fire insurance? no
5. Are the premises occupied by owner? yes
6. Do all the stove pipes go direct into good brick chimneys? —
7. If the stove pipes pass through wooden partitions or floor, how are they secured? —
8. How near to wood? —
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? no
12. Is fire used in buildings except dwelling? —
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated January 31st 1903

Policy fee, $ 2.50

1 Mill fee, $ 45 Feb 7th

Total, $ 2.95 Paid by McCalkins

Mrs G. W. Calkins Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House and barn No. 1 being situated Saratoga avenue near Saratoga

House and barn No. 2 being situated .....

1. What is your title to siad land? Deed
2. What incumbrance? $ — By whom held? —
3. How much land do you own on which the property to be insured is situated, and what is its value? Nine 3/4 acres, worth $ 8500 with improvements.
4. What other fire insurance? No
5. Are the premises occupied by owner? yes
6. Do all the stove pipes go direct into good brick chimneys? yes — Terracotta in frame
7. If the stove pipes pass through wooden partitions or floor, how are they secured? No
8. How near to wood? —
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? yes in Tank frame 20 ft from house
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated March 6th 1903

Policy fee, $ 2 00 mar 6th
1 Mill fee, $ 1 35 Paid by
Total, $ 3 35 Mr Cunningham

J C Cunningham Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Total, $ 2.50
May 2d Paid

Samuel Longley Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Morgan Hill – Dec 31st – 1906

Joseph Taylor Esq

Secy S.C. Co. Fire Ins. Co.

Dr Sir

I herewith return you my Policy for additions thereto, or the issuance of an additional Policy, as you may determine – which is best – The ~~house~~ buildings all stand on my land, & are not incumbered – The house & brooder-house are occupied by my son, W.H. Ward – & the additions I wish make are as follows – Viz

1½ story wood dwelling House, standing 100 feet from my house 34 X 28 ft, Stove Pipe chimney with ~~thimble~~ one wall & one roof Thimble – at $400, & Contents $250. = $650.✓

1 story chicken brooder house, standing 60 ft from 1½ story house 16 X 82 ft with fixtures at 400.

1 Barn & Carriage House 28 X 50 ft 80 feet from 1½ story house 400.✓

Total additional insurance $1450.

The granary insured in Policy returned, stands 75 feet from the 1½ story house occupied by W.H. Ward –

All of which is submitted for your considerations – I am confined at home – by sickness in the family

Truly Yours

J.P. Ward

J. P. Ward Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire?.....

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated.....Oct. 7.....1903

Policy fee, $2.50

1 Mill fee, $.....

Total, $.....

Paid Oct 16th Check

Louisa C Cragin per W. P. Cragin .....Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

House and barn No. 2 being situated west of the Saratoga and Mt View road

1. What is your title to siad land? Deed
2. What incumbrance? $ 5000 By whom held? J. G. Vandeswer Dec 3d 1905
3. How much land do you own on which the property to be insured is situated, and what is its value? 30 acres, worth $ 1000 with improvements.
4. What other fire insurance? None
5. Are the premises occupied by owner? No - by tenant
6. Do all the stove pipes go direct into good brick chimneys? no - Stove pipe through roof
7. If the stove pipes pass through wooden partitions or floor, how are they secured? double sheet iron pipe
8. How near to wood? 1 1/2 inches
9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? Yes
10. Will you keep matches in a safe place? Yes
11. Do you allow smoking in barns? No
12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? Yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated San Jose Oct 12th 1903

Policy fee, $ 2.50
1 Mill fee, $ 1.5
Total, $ 2.65 Paid by abbott

J E Abbott Applicant.

Oct 12 1903

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Friend Taylor -

Enclose final cheque for Insurance Policy. Property owned by Mrs Margetto & held for the use of her Mother Mrs Williams, for her home. House modern. Hard finished. 5 rooms with bath room. No barn. No risk on lots on North side. On adjoining lot South. Small barn house on end of lot occupied by widow Lady. about 60 ft from rear of house. On the next lot south House same size & plan. Risk is B.R.

House needs painting and if trees were planted in front with a general clean up and flowers the property ought to sell for $1400. as the house is well built. Mrs Margetto asks for $1000, same ~~as the~~ amount as has been insured in the past by the Old Companies, but is willing to have it the amount we think right

Apr 15th 1905 assured gives notice that parties owning the adjoining lot have moved a house on it and the distance is only about 30 feet between them

Total amount insured ... Nine hundred ... Dollars, 1250, 900.

We would be safe at that figure. as they are a good family. I suggested $800. on the House $100. on the furniture. in all $900.

Here are all the facts. As I am busy & Camp. give the time to see you for a few day. I refer the question of amount to your judgement I have put a conservative value on the property. If you think it well to take it at $1000 do so. if not at $900. Please fill in the amount.

Yours Truly

12. Is fire used in buildings except dwelling? no -
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Josephine Margetto Applicant.

Apr 15th 1905 assured gives notice that parties owning the adjoining lot have moved a house onto it and the distance is only about 30 feet between them

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mr Joseph Taylor

I regret to say that I must acknowledge I carelessly signed the insurance Mr J. P. Ward delivered last eve, without thinking the property had been recently deeded to my daughter, Mrs M. G. Douglas. I supposed Mr Ward knew of the previous transfer, so failed to mention it to him when I requested him to prepare an application for insurance.

I send request that my name be erased, & Mrs M. G. Douglas be inserted instead. Hoping this explaination may be satisfactory I am

Yours respectfully
Mrs E. A. Gaylord

...a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

12. Is fire used in buildings except dwelling? no
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated October 27th 1903

Policy fee, $2.50
1 Mill fee, $.....
Total, $.....

Paid by Mr Ward Oct 27 1903

Mrs M. G. Douglas Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

I hereby warrant, ... just and true exposition of all the facts and circ . . . . . e same are known to me and material to the risk . . . . . thereby secured, I do hereby bind myself, my hei . . . . . all loss or damage by it or any member thereof su . . . . . he time for which my policy is written, such sum . . . . . and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

June 14th 1904 Loss if any pay to Geo. W. Glendenning

Dated . . Nov 19th . . . . . 1903.

Policy fee, $ 7.50
1 Mill fee, $ .50
Total, $ 3.00

. . . . . E. C. Holbrook . . . . . Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mr Jos. Taylor,
San Jose Cal

Dear Sir: On Dec. 6 1904 - Mary J. Gates insured under policy #195 The Santa Clara County Fire Ins Co. endorsed said policy over to Bank of Mountain View; We desire now to sign the insurance back to her. Will you kindly instruct us how to do so - that is shall we send you the policy for endorsement or shall we place the usual clause on the face of it waiving our interest.

Yours very truly

Dear Sir.

Enclosed is one dollar and fifty cents, $1.50/100 for the Santa Clara County fire insurance company. We have placed a very small cookstove in a room near the kitchen, it has a long stove-pipe with a double thimble.

Very respectfully
Mrs Mary J. Yates.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100

a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Vacant to May 1st 1908

Mountain View Jany 21-

Joseph Taylor Secty

Dear Sir.

As soon as convenient please send permit to vacate dwelling for three months dating from 30th inst.

I have two reliable tenants living within 100 ft of the house who will look after things. It is in reality safer from fire than when occupied.

Yours truly

Geo P Sparks

P.S. I forgot to sign the list desiring an amendment to the by-laws, wind at the annual meeting. If you consider it important my wife can authorize you to act for her. or it will be all right so far as we are concerned to sign without.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mr. Taylor
Dear Sir

I have been over to Mrs. Abbott's and inspected the property (as provided in By Laws) noted in the enclosed application and find it all right. She does not propose to have it insured for any more than one half of the real value. it is located about ½ mile east of the Junction (so called) on San Francisco road, and is a nice large fruit & hay ranch. Enclosed please find postal order for 2.90 in payment for policy, which policy you will probably send to Mrs. Abbott soon

Yours truly
E. A. Stevens

12. Is fire used in buildings except dwelling? No
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated Apr 25 1904

Policy fee, $ 2.50
1 Mill fee, $
Total, $ 2.50

Paid by Hurlburn Apr 25 04

Frank Waldo Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Policy fee, $ 2.50

1 Mill fee, $ 0.50

Total, $ 3.00

Paid by Hurlburt May 14 '04

D J Soper Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

9. Will you keep fire apparatus, stove pipes and chimneys, in good order and take proper care of ashes and embers? yes
10. Will you keep matches in a safe place? yes
11. Do you allow smoking in barns? no
12. Is fire used in buildings except dwelling? no
13. Will you keep a suitable ladder and have it in a convenient place to get at in case of fire? yes

1135

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated May 16th 190 4

Policy fee, $ 5.0
1 Mill fee, $ .70
Total, $ 5.70

Paid by Richardson May 16th 1904

Robert Richardson Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

this note made by mistake

I hereby warrant, covenant and agree with the said Company, that the foregoing is a full, just and true exposition of all the facts and circumstances, conditions, situation and value of the property, so far as the same are known to me and material to the risk; and if a policy is issued thereon, in consideration of the insurance thereby secured, I do hereby bind myself, my heirs and assigns, to pay to said Company my *pro rata share* of any and all loss or damage by it or any member thereof sustained by fire, and of such incidental expenses as may occur during the time for which my policy is written, such sums to be certified to me by the President or Secretary of said Company and to be paid within sixty days from the date of such notice.

I further agree to be governed by, and abide by, the Articles of Incorporation and By-Laws of said Company now in force or hereafter enacted, and to pay all assessments made against me in accordance therewith.

Dated May 20th 1904

Policy fee, $ 2.50
1 Mill fee, $ 2.45
Total, $ 4.95

Paid by Hurlburt May 20-04

H. E. Sorensen Applicant.

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Dear Sir. Yes I found the man about 5 miles from my place but I hope I can tell you what you want. The house is a very good ~~one~~ risk I think, pipe goes through floor in ventilator and then into chimney in second story. There is no other building for him to put goods in and he says he meant if they were on the place but happened to be outside the building.

Shedo need as barn not very expensive.

Yours
C. C. Spalding

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each $100 of valuation, 50c.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through roof, floor, or side walls, add to basis rate, 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate, 25 cents.

Detached barns or stables and contents rated at $1.50.

Barns over 400 feet from dwelling used for storage only, rated at $2.00.

School-houses and churches rated at $1.50.

Fruit Driers, $4.00.

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on $100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.
